48th International Congress of the International Association of Hydrogeologists

The International Association of Hydrogeologists (IAH) is a scientific and educational charitable organisation for scientists, engineers, water managers and other professionals working in the fields of groundwater resource planning, management and protection.

IAH's mission is to further the understanding, wise use and protection of groundwater resources throughout the world. IAH endeavours to raise awareness of groundwater issues and work with national and international agencies to promote the use of groundwater to ensure ready access to safe drinking water. IAH also promotes the protection of aquifers against pollution, the improvement of aquifer storage and the management of groundwater resources to assure the sustainability of groundwater-dependent ecosystems, namely through analysis of the impacts of Climate Changes.

World-wide efforts towards IAH's objectives are made by around 4,000 members, more than 40 National Chapters, several topic/science-based international Commissions and Networks, global Council team members and a UK-based Secretariat. The IAH is also working in partnership with the UNESCO.

The CBH-BCH is the IAH Belgian Chapter and has been appointed to host the 48th IAH Congress in Brussels, Belgium from September 6th to 10th 2021, in the very heart of the Belgian and European Capital. The theme of the 2021 edition is *Inspiring Groundwater*. The History of the world shows that water in general and more specifically groundwater has constantly inspired Mankind to develop techniques for the reliable production of safe drinking water, to transport water to people, to control and manage watersheds, to search for alternative sources, to deal with water scarcity. Groundwater also plays an increasingly role in the field of energy transition with the development among others of geothermal energy and heat-cold storage.

Access to safe water in sufficient quantities is essential to Mankind, to prosperity and economic development. Together - through the organization of such a knowledge sharing congress and through collaboration - we can make the difference and help in achieving the United Nations Sustainable Development Goals, amongst which clean water and sanitation, sustainable cities and communities, climate actions, life below water and all the others.

The theme of the IAH 2021 congress is "Inspiring Groundwater". It will entail 4 conference days (around 350 speakers), and a 5th day will be dedicated to field trips in Belgium, in connection with congress topics. Between 800 and 900 participants from all over the world are expected to attend. Several Side Events will be organised in the evenings: an ice breaking party, an official ceremony, a gala Dinner at Autoworld and a network event for young hydrogeologists. In order to organize the IAH 2021 Congress, the CBH-BCH has appointed the MCI Group Benelux as PCO. As such the 2021 IAH congress is an excellent opportunity to inspire attendants, therefore different sponsorship opportunities are proposed in this brochure.

4. General conditions

All activities organized by companies involving participants in the meeting must be approved by CBH-BCH. CBH-BCH reserves the right to refuse a sponsor whose products, business,

aim or services, are not - in the opinion of CBH-BCH - compatible with the general character and objectives of the congress, of the CBH-BCH or of the IAH.

Distribution of drinks and meals must be in compliance with rules of the meeting venue. The IAH 2021 Congress Secretariat can be contacted for more information on this, and to help coordinate catering.

CBH-BCH may accept multiple sponsors for the items listed in the sponsorship opportunities, unless otherwise indicated. CBH-BCH may modify the meeting programme without notice. Sponsors will make sure to follow the rules and regulation of CBH-BCH and of the SQUARE.

The IAH 2021 Congress will be organized in a sustainable manner as much as possible, meaning that materials used will be sustainable, no plastic will be used but drinking bottles or reusable cups will be provided instead. We also ask each sponsor to adhere to these aspects and provide sustainable/reusable materials if applicable.

5. Assignment of exhibit space

Space will be allocated on a first-come first-served basis taking into account the time when the IAH 2021 Congress Secretariat receives the signed sponsorship booking form.

6. Promotional and booth activities

No sponsor may operate in a way that violates the rights of another sponsor. Exhibits must not project beyond the space allocated and may not obstruct the view or interfere with the traffic of other exhibits. All exhibits are to be conducted in a dignified manner. No soliciting of attendees in the aisle or any high-pressure sales pitch of any kind is permitted.

Demonstrations and the distribution of literature and samples should take place inside the assigned booth. Booths are to be kept clean and in good order. No part of any exhibit, or signs relating thereto, shall be posted, nailed or otherwise attached to columns, walls, floors or other parts of the facility, in any way. Damage arising from failure to observe these rules shall be payable by the sponsors. Sponsors' promotional activities are confined to the actual booth space purchased, or in areas approved by CBH-BCH.

Demonstrations, samples, materials and sales activities (taking orders for future fulfilment) are permitted only within the confines of a sponsor's rented space or after approval by CBH-BCH. Samples or souvenirs may not be sold and may not be distributed in a manner which, in the sole and exclusive judgment of CBH-BCH, blocks the aisles or in any way handicaps other sponsors or impairs the flow of attendees. No sales transactions are allowed on the exhibition hall floor; however, sponsors are permitted to take orders for future fulfilment.

7. Sound

Exhibits which include the operation of musical instruments, radios, sound projection equipment, or any noisemaking machines must be conducted or arranged so that the noise resulting from the demonstration will not annoy or disturb adjacent exhibitors and their patrons, nor cause the aisles to be blocked. Operators of noisemaking exhibits must secure approval of operating methods before the exhibit opens. MCI Benelux on behalf of IAH shall be the sole judge of what constitutes appropriate sound levels.

8. Irregular Activities

All giveaway items and the exhibitor products must be submitted for approval to CBH-BCH at the latest three (3) weeks prior to the opening of the exhibition. All exhibitors distributing approved “stick-ons” may not place the “stick-ons” on the attendees’ badges.

9. Contests/giveaways

As long as consistent with applicable country and local laws, prize contests and drawings are permissible. Notice of any contests, giveaways or drawings must be given to the Congress office by writing before August 5th, 2021. Any prizes, draws or giveaways held or offered through the meeting must be made available to all registered attendees and guests. Notification of winners is the sole responsibility of sponsors. Microphone announcements are not permitted on the booth, unless accepted by CBH-BCH in advance.

10. Changing/expanding booth space

CBH-BCH is not responsible for contacting sponsors to change booth spaces if desired booth space is already taken by another sponsor. It is the responsibility of the sponsor requesting the additional space to contact the other sponsor to request a change and provide notification in writing to the IAH 2021 Congress Secretariat. This does not apply to original booth assignments, as it is CBH-BCH’ policy to call sponsors for alternative booth selections if their choices are not available. As indicated on the floor plan, booth assignments may be subject to change.

11. Photography/videotaping

Photography (including camera enabled cell phones), videotaping or examining another sponsor’s equipment or display without that sponsor’s permission is forbidden. If permission is granted, this must also respect the GDPR guidelines.

12. Subletting of space

Subletting of space is not permitted. Two or more companies may not exhibit in a single space. No sponsor may assign, sublet or apportion his/her space to or with another business entity or individual. No sponsor may show or demonstrate products or services other than those manufactured or handled in the normal course of his business. Should any item from a no exhibiting entity be required for operation of a display, identification of such item shall be limited to regular name plate or trademark under which same is sold in the general course of business. Sharing space with individuals or companies not officially represented by the contracting sponsor is strictly prohibited and may result in eviction. In fairness to other sponsor, each company must have its own booth space. CBH-BCH will make every effort to assign booth space to companies that wish to be located together or near each other.

13. Solicitation

Non-sponsors or representatives of non-exhibiting companies may not canvass or solicit business in any part of the exhibition area during the entire meeting.

14. Private social functions policy

Sponsors of the IAH 2021 Congress may host private social functions for meeting attendees at their own expense and after approval of the IAH 2021 Congress Secretariat. Hosted parties or meetings held by any company/entity that invites meeting attendees are not

permitted to occur during any official meeting activity nor during the evening as the venue is not open at night. These will be organized in such a way that they respect the other exhibitors (according to the previous articles). Please refer to the IAH 2021 Congress Secretariat before organizing your private functions to ensure that it does not compete with the official IAH 2021 conference program in any way. The IAH 2021 Congress Secretariat must also be notified in advance of any ancillary events taking place during the congress regardless of location, time or date of the event.

15. Interpretation of regulations

CBH-BCH has the sole and exclusive right to make changes, amendments and additions to Sponsor guidelines stated in this document and subsequent communications, as it deems necessary to the proper conduct of the sponsor and, thereupon, the general terms and conditions, as amended, shall govern the actions of all sponsors. Interpretation of the sponsor general terms and conditions and operational rules shall rest solely with CBH-BCH, and the decisions of CBH-BCH shall be final. CBH-BCH may require sponsors to make such alterations to their displays as it deems necessary to the proper conduct of the exhibition. Failure to comply may result in immediate expulsion from the exhibition or the payment of reimbursement and compensation to CBH-BCH by the sponsor for all expenses related to the alteration of a booth/ display.

16. Installation and removal

CBH-BCH reserves the right to fix the time for the installation of a booth prior to the Congress opening and for its removal after the final closing of the Exhibition. Any space not claimed and occupied by one (1) hour prior to the published Congress opening time may be resold or reassigned without refund. Installation of all exhibits must be fully completed by the opening time of the exhibition.

Exhibits must be staffed during all Congress hours and may not, to any extent, be dismantled before the Congress closing. Any early dismantling or packing shall be considered a breach of this agreement and may affect future applications. CBH-BCH, however, reserves the right to make the final determination of all space assignments in the best interest of the exhibition.

17. Arrangement of exhibitors

Each exhibitor is provided Official Exhibitor Guidelines. The Exhibitor Guidelines describe the type and arrangement of exhibit space and the standard equipment provided by CBH-BCH for booth construction. All booth space must be arranged and constructed in accordance with the guidelines, provisions and limitations contained in the Exhibitor Kit. If, in the sole opinion of CBH-BCH, any exhibit fails to conform to the Exhibitor Kit guidelines, or the provisions set forth herein, such exhibit will be prohibited from functioning at any time during the exhibition. Exhibits not conforming may be dismantled or modified, at cost to the exhibitor, at the sole judgment and discretion of CBH-BCH.

Exhibitor Plan Review. Booth construction plans and layout arrangements for any booth spaces, or involving other construction features, must be submitted for approval at least sixty (60) days prior to the opening of the exhibition.

18. Fire regulations

All fabric, carpet and exhibit booth material must be fire retardant. Oil cloth, tarpaper, nylon or other materials that cannot be made flame retardant are prohibited. No open flames are permitted without a fire department permit. CBH-BCH reserves the sole and exclusive right to alter the exhibit area layout as it deems necessary to comply with local and building fire regulations.

19. Liability

The organizers will provide security service during meeting hours. At night, the booth areas will be locked. Neither CBH-BCH, nor its sponsors, members, officers, representatives, agents or employees, will be responsible for any injury, theft, loss or damage that may occur to the exhibits. In the event that said premises are destroyed by fire, climatic elements or by any other cause, or by government intervention or regulation, military activity, strikes or any other circumstances which make it impossible for the IAH2021 Congress to take place, the contract shall terminate and the sponsor shall waive any claim for damages or compensation except the pro rata return of the amount paid for space, after deduction of actual expenses incurred in connection with the IAH 2021 Congress. Companies are required to make their own arrangements with respect to insurance and organization of their booth.

20. Major situation

For reasons beyond their control (such as war, strikes, lockouts, riots or any such civil disturbances, any acts of God, including but not limited to earthquakes, floods and droughts and any other cause or circumstance of whatsoever nature beyond its control that have an impact on the arrangements, timetables or planning of a scientific meeting), the IAH2021 Congress, Brussels, Belgium, and/or its agents have the right to immediately alter or cancel the congress or any of the arrangements, time-tables, plans or other items relating directly or indirectly to the IAH2021 Congress, Brussels, Belgium. The company and/or participants shall not be entitled to any compensation for damages that result from such alteration or cancellation. Furthermore, with the exception of any willful damage or gross negligence committed by CBH-BCH and/or its agents, neither CBH-BCH nor its agents shall at any time be liable for any direct or indirect damage suffered by the company and/or participants, including consequential and immaterial damage, caused by failure to comply with any provision of this document.
